STEEL GUARD
CORROSION RESISTANT RELEASE COATING FOR CONCRETE EQUIPMENT

PRODUCT DESCRIPTION: Specco Steel Guard storage release is a specially formulated, highly effective rust preventative used to protect steel forms and equipment against damaging atmospheric corrosion. Steel Guard imparts stable, continuous, water displacing vapor barrier, which bonds tightly to metal surfaces. Steel Guard functions as a preservative lubricant that will help extend the life and durability of forms and equipment. Steel Guard is non-staining and applies easily, using the same application procedures as form release agents. Steel Guard is solvent free in composition to reduce the risk of inadvertent soil contamination.

BENEFITS:
- Prevents corrosion of steel forms and equipment
- Forms a continuous film on steel surfaces that will not wash off
- Does not need to be removed when forms are returned to service
- Non-staining

LEED RATINGS: Qualifies for the following LEED credits: MR Credit 5.1 Regional materials: 10% extracted, processed and manufactured regionally (within 500 miles of Kankakee, Illinois 60901).

COMPOSITION: Blend of corrosion inhibitors, esters and water displacing additives, in a solvent free oil carrier.

*V.O.C. COMPLIANCE: Steel Guard contains less than 50 g/L (0.42 lb. /gal.) volatile organic compounds. Meets existing form release agent VOC (VOM) regulations under the EPA’s National AIM (Architectural and Industrial Maintenance) listings for all states including OTC, LADCO, CARB, and SCAQMD.

DIRECTIONS FOR USE: Specco Steel Guard storage release may be used on all steel or metal forms and equipment including ferrous, non-ferrous and galvanized surfaces. Steel Guard is ready to use and should not be diluted prior to application. Apply by spray, roller, brush or wiping onto clean, dry surfaces, making sure that all exposed metal is completely covered. Approximate coverage rate is 800 to 1000 square feet per gallon on most hard surfaces. Steel Guard sprays easily, even in colder temperatures. When placing stored forms back in service, Steel Guard does not have to be removed. Simply wipe off any accumulated contaminates and apply a suitable release agent such as Specco MSP Release Oil. Steel Guard should provide a minimum 4-5 months protection, depending on environmental conditions. For extended storage or severe conditions, re-coat as necessary.

CAUTIONS: Apply Steel Guard to clean, dry metal surfaces. Never use compressed air to force the material from the drum. Avoid the introduction of compressed air into the container under all circumstances.

GHS HAZARD RATINGS: DANGER:

Health Hazard: May be fatal if ingested (swallowed)
FIRST AID: Refer to product S.D.S. (Safety Data Sheet) for complete health and safety information before using this product. FOR MEDICAL EMERGENCIES ONLY – CALL INFOTRAC AT 800-535-5053.

WARNINGS & SAFETY INFORMATION: Use with adequate ventilation. Use with OSHA/NIOSH approved eye protection and air (vapor) respirator. Avoid ingestion, skin and eye contact and inhalation of the spray mist. Keep away from food and drink. Wash hands thoroughly after use and before eating. Do not take internally. FOR INDUSTRIAL USE ONLY. KEEP OUT OF REACH OF CHILDREN.

H.M.I.S. CODES (Hazardous Materials Identification System): HEALTH = 1, FLAMMABILITY = 1, REACTIVITY = 0, PERS. PROT = G

SHIPPING NAMES: Compounded lubricating release Non-hazardous No placards required per DOT regulations

SHIPPING CLASS: ITEM 155250, SUB 2, FREIGHT CLASS 65 (NON-HAZARDOUS)

STORAGE: Ideal storage is between 60º to 80º F.

SHELF LIFE: 1 year properly stored. Depending on storage conditions, the shelf life may be extended.

PACKAGING: 1 gallon (3.78 L), 5 gallon (18.9 L) pails, 55 gallon (208 L) drums

WARRANTY: Specco Industries Inc (Specco) solely and expressly warrants that its products shall be free from defects in materials and workmanship for one (1) year from the date of purchase. Unless authorized in writing by an officer of Specco, no other representations or statements made by Specco or its representatives, in writing or orally, shall alter this warranty. SPECCO MAKES NO WARRANTIES, IMPLIED OR OTHERWISE, AS TO THE MERCHANTABILITY OR FITNESS FOR ORDINARY OR PARTICULAR PURPOSES OF ITS PRODUCTS AND EXCLUDES THE SAME. If any Specco product fails to conform with this warranty, Specco will replace the product at no cost to Buyer. Replacement of any product shall be the sole and exclusive remedy available and buyer shall have no claim for incidental or consequential damages. Specco does not authorize anyone on its behalf to make any written or oral statements which in any way alter Specco’s installation information or instructions in its product literature or on its packaging labels. Specco explicitly excludes any written or oral statements or implied warranty on the performance of an applied/installed product manufactured or sold by or through Specco. Specco has no control over Specco application standards adherence, site conditions, atmospheric variations, installer/applicator skill level or the determination of the suitability of any Specco products for a specific intended purpose. Buyer shall be solely responsible for determining the suitability of Specco’s products for the Buyer’s intended purposes. Product demonstrations, if any, are done for illustrative purposes only and do not constitute a warranty or warranty alteration of any kind. Revised 12-23-15
